

# Bowen Xu

*Residence:* 393 Middle Huaxia Rd, Shanghai

*E-mail:* xubw1@shanghaitech.edu.cn \* *Telephone number:* 18852719756

*Place of birth:* Yangzhou, Jiangsu, China \* *Date of birth:* 2002-08-16

## Personal Profile

---

**Junior**, Major in **Computer Science (CS)**

**Instructor:** Ziyu Shao

**Research Interests:** Bandits & Reinforcement Learning, Network Intelligence, Distributed AI Systems

## Education

---

**ShanghaiTech University (Co-Founded by the Chinese Academy of Sciences)**

*Sep 2020 - Jun 2024 (Expected)*

- Undergraduate; School of Information Science and Technology
- GPA:** 3.78 / 4.0 (10 / 178, top 5%)
- Honors:** Merit Student (2020-2021), Outstanding Student (2021-2022)

## Curriculum

---

- Mathematics:** Mathematical Analysis I (A) / Mathematical Analysis II (A) / Linear Algebra (A) / Discrete Mathematics (A-) / Probability and Statistics I (A-) / Numerical Optimization (A+) / Convex Optimization (A+)
- Major:** Introduction to Information Science and Technology (A-) / Introduction to Programming (A) / Algorithms and Data Structures (A-) / Computer Architecture I Project (A+) / Reinforcement Learning (A+) / Artificial Intelligence I (A) / Deep Learning (A)

## Honors and Awards

---

- Merit Student (top 3%)** ShanghaiTech University, 2020-2021
- Outstanding Student (top 7-8%)** ShanghaiTech University, 2021-2022
- Mathematical Contest in Modeling (MCM):** Honorable Mention, 2022
- Mathematics Competition of Chinese College Student:** Second Prize, 2021
- Mathematics Competition of Chinese College Student:** Third Prize, 2022

## Research Experience

---

**At Network Intelligence Center (NICE), ShanghaiTech University, Shanghai, China.**

*Jan, 2022 - Present*

**Dueling Bandit Algorithm Review**

*Jun 2022 - Oct 2022*

- Conducted a literature review of existing dueling bandit algorithms.
- Made systematic review slides and a mind map for dueling bandit algorithms.

## Transformer Model Review

Dec 2022 - Feb 2023

- Detailed investigated Transformer model and BERT model ( including motivation, architecture, application, further development, etc.)
- Made detailed review slides for Transformer model.

## Multi-Arm Bandit(MAB) with Supervised Feedback

Feb 2023 - Present

Position: Coworker

- Designed an innovative MAB model, which combines Bandit Feedback with Supervised Feedback.
- Simulated the new model in the Federated distillation scene.

## Bandit Learning from Human Feedback

Mar 2023 - Present

Position: Co-worker

- Investigated the RLHF (Reinforcement Learning from Human Feedback) model in ChatGPT.
- Used human feedback to train the bandit learning model, which is a lightweight RLHF.

## Implementation of DRL(Deep Reinforcement Learning)

Apr 2023 - Present

Position: Co-worker

- Built GPU clusters and build large neural networks.
- Reproduced the effect of AlphaTensor and AlphaGo.

## Teaching Assistantship

---

### Mathematical Analysis II (Head TA)

Feb 2022 - Jun 2022

- Organized teaching assistant work & carried out online teaching.
- Weekly in-person tutorial and after-class question (including exercise & discussion sessions)
- Designed and graded assignment (including weekly exercise, exam paper, etc.).

### Probability and Statistics for EECS

Feb 2023 - Present

- Weekly in-person tutorial and after-class question (including exercise & discussion sessions)
- Designed and graded assignment (including weekly exercise, exam paper, etc.).

## Activities

---

- **Social Practice, Group Leader(Advanced Individual), Gansu, China 2021**  
Assisted Longnan Guanegou National Forest Park to create AAAAAA Tourist Attraction of China.
- **Aviation Industry Industrial Activities, Group Leader, Yangzhou 2022**
- **Artificial Intelligence Industrial Practice, Shanghai 2022**
- **Volunteer for Shanghai Marathon 2020, 2022**
- **Volunteer for ShanghaiTech University Epidemic Prevention and Control 2022**

## Technical skills

---

### Programming Languages/Tools

C, C++, Python(Pytorch), Matlab, L<sup>A</sup>T<sub>E</sub>X, etc.

## Language proficiencies

---

### English

CET-4 610, CET-6 509
